Explanation for Appeal:

Henry County Schools E-rate coordinator/Purchasing Agent was out of the office for an extended amount of time due to a severe medical situation of a family member. Upon returning to work many things were in need of immediate attention and being done quickly to meet deadlines. Form 471 applications #905008 was filed 2/26/13 and all item 21 attachments were filed. Application number 932951 was never certified. I honestly thought that I had certified both of them on 2/26. I logged on to check the status of the applications and realized that 932951 was not certified. The funds are Priority one for intraLATA telco's for two of our schools. I have been filing erate since the start of the program, this is the first time I have ever missed a deadline. This was truly an honest mistake made because of my extended absence from my work duties. Any consideration for this Appeal would be appreciated.

Thank you,

Marti Owens
